A limited
edition
collection
of hand
accessories!

[G]LOVE IT!

Welcome to the intriguing, limited edition collection of hand accessories. “Glove it”.

“Born” through the joining of forces of MyriamSOS Fine Jewellery and Cristina Countas “Art to wear”. The designer duo is set out to seduce their customers with a collection that has art in its heart.

The juicy mix of colours - mysteriously beautiful black, spicy grey, eerie shots of purple, orange, soft pink, ocean blue and lettuce green - are reminiscent of planetary paths and constellations and create a masterly effect in the Collection.

Made from environmentally friendly high quality materials - superfine Australian merino wool, pure silk and plant fibers - the collection is totally hand-made and painted.

The pieces in this first ever collection are destined for eye-catching looks from morning till late evening.
